

ICT FOR A GLOBAL SUSTAINABLE FUTURE

How ICT can durably contribute to the wellbeing of all citizens around the world

International Conference
European Commission – Brussels
January 22 – 23, 2009

Biography

Session 1: Today's global challenges
Session chair: Vittorio Prodi
Day 1 - January 22, 2009

Vittorio Prodi is a physicist and researcher in the environment protection area. Active in politics since 1992, he was among the founders of the political movement "L'Ulivo". In 1995 he was elected President of Bologna Province and in 2004 Member of the European Parliament. He is Vice president of the temporary Committee on Climate Change, full member of the Committee for environment, public health and food safety and substitute member of the Committee for Industry, research and energy, Chairman of EU-South Africa Delegation and substitute member of the EU-Palestinian Legislative Council Delegation.
